“Music to Live By”

Azure Rising creates music to live by. Some enthusiastic audience members have used the terms "groovy rhythm(s)" and "hauntingly beautiful." The songs are filled with meaningful melodies, lyrics which are both poetic and soulful, flowing soundscapes, and eclectic and entrancing groove rhythms. It is difficult to categorize azure rising because they borrow from many styles, such as: lounge, electronica, acoustic, ambient, synth-rock, jazz, blues, world beat, and many other styles.

Beginning in 2003, Adam C. Sharp (A.C. Sharp) and Jenn formed Azure Rising and began touring in Southern California for coffee shops, art galleries and art fairs. They produced their first album, *Lessons*. While they have moved to several states since, they still concentrate on the true emotions and meaningful words. www.azurerisng.com

Jenn

As the angelic voice of Azure Rising, Jenn can sing both soulful blues and passionate love songs with ease and confidence. Jenn has been singing since she was a child when she sang any song she heard. And, she continued to develop her voice as she matured. As she grew older, she continued to develop her abilities through singing lessons and performing with various choirs.
